EDUCATION

SRM Institute of Science & Technology

Bachelor of Technology in Computer Science and Engineering (CGPA: 8.72/10)

Chennai, India

Aug 2023 – June 2027

Surendranath Centenary School

AISSCE (Class XII) – 73.8%

Ranchi, India

June 2020 – June 2022

TECHNICAL SKILLS

Programming Languages: Python, C++, SQL, JavaScript, C, HTML, CSS

Machine Learning: Scikit-learn, Pandas, NumPy, NLP, Recommendation Systems, Data Preprocessing

Web Development: React.js, Node.js, Express.js, Flask, REST APIs, Vite

Databases: MySQL, Firebase, MongoDB

Developer Tools: Git, GitHub, VS Code

CS Fundamentals: Data Structures & Algorithms, OOPs, DBMS, Operating Systems, Computer Networks

EXPERIENCE

Skillbit Technologies

Artificial Intelligence Intern | Project-Based

June 2026 – Present

Remote

- Completed a project-based AI internship focused on applying software development and machine learning concepts to practical applications.
- Selected projects from an assigned portfolio and applied relevant technologies to practical problems.
- Applied full-stack development, REST APIs, database management, and machine learning concepts.

PROJECTS

ShopVerse – Full-Stack E-commerce Platform | React.js, Node.js, Express.js, MongoDB, Razorpay, JWT, Cloudinary

- Built a full-stack e-commerce web application using React.js, Node.js, Express.js, and MongoDB with product browsing, cart management, checkout, and order tracking.
- Implemented JWT authentication, protected REST APIs, Cloudinary image management, and Razorpay payment workflows for secure order processing.

Smart AI Resume Analyzer | Python, NLP, SpaCy, Scikit-Learn, Pandas, NumPy, Matplotlib

- Developed a web app using NLP and SpaCy to extract skills, evaluate ATS compatibility, and suggest resume improvements.
- Implemented resume scoring and skill gap analysis using Streamlit and Pandas to help candidates optimize their resumes.

Cine Nova – AI Movie Recommendation Engine | React.js, Flask, Python, Scikit-Learn, REST APIs

- Built a full-stack movie recommendation web app using React, Flask, and Scikit-Learn using content-based filtering.
- Integrated REST APIs to fetch and display movie posters, ratings, release years, and genres in a responsive user interface.

GLOBAL CERTIFICATIONS

SAP Certified – SAP Generative AI Developer

AWS Certified – AI Practitioner

Oracle Certified – OCI 2025 Generative AI Professional

ACHIEVEMENTS & EXTRACURRICULARS

- Solved 300+ Data Structures & Algorithms problems across LeetCode, HackerRank, and other competitive programming platforms.
- Built multiple practical AI/ML projects involving NLP, recommendation systems, and predictive analytics.
